Source Information and Disclaimer
-Land Subsidence data was provided by the Arizona Department of Water Resources
-Earth Fissure data was provided by the Arizona Geological Survey
-Floodplains data was provided by the Federal Emergency Management Agency with updates by Pinal County
-Historic Flooding data was provided by Entellus - the delineation represents several flooding events that have occured on the Santa Cruz River from 1914 to 1983
-All other hazard data was compiled or created from various sources as part of Pinal County's Area Drainage Master Plan
The Pinal Flood Control District has made every reasonable effort to obtain and maintain this data as accurately as possible, however, human or mechanical error remain a possibility. The Pinal Flood Control District County assumes no responsibility arising from the use of this information. The data is provided without warranty of any kind, either expressed or implied. User understands and agrees that The Pinal Flood Control District does not guarantee the accuracy, completeness, timeliness or correct sequencing of the data and information requested and hereby expressly disclaims any responsibility for the truth, lack of truth, validity, invalidity, accuracy, inaccuracy, errors or omissions, or for the use or results obtained from the use of any said data and information.
