

To: All Vendors Responding to RFP 08-11-13 for PCSO Towing Services

From: Rachel Abril, Senior Buyer

Date: October 9, 2009

Subject: RFP Status Update 2

As the evaluation has progressed, we've found that several companies have minor issues that prevent them from fully meeting the RFP requirements. In order to allow as many companies as possible to be eligible for this contract, we are postponing our intended award to allow for a correction period. All vendors who responded to the RFP will receive a letter with the results of their initial inspection and evaluation. This letter will identify any corrections or additional information that is needed in order for them to be eligible for award. The correction period will end on November 7, 2009 and the County will perform second inspections thereafter. As a result, we expect that award will not occur until December 2009. We appreciate your patience as we continue our evaluation.
