Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

TAMS –Total Automotive Management System – Exclusive to NAPA this is a total Automotive and non-automotive inventory management system that provides a comprehensive system to inventory ANYTHING the Roosevelt Elementary School wishes to include in the parts operation. In addition, this system has the ability to access every NAPA store in the metro Phoenix area, the Phoenix NAPA Distribution Center, 58 NAPA Distribution Centers and all NAPA supplier warehouses with one keystroke. Most parts in the NAPA system are available with same or next-day delivery – if requested.

MIC – Market Inventory Classification System – Exclusive to NAPA
Tool we use in our NAPA IBS stores to list most vehicles in a fleet and find/stock all applicable replacement parts. This a fantastic inventory tool to dial-in the right parts inventory for the Roosevelt Elementary School.

ProLink Connectivity – Exclusive to NAPA
NAPA will provide any PC located in the Roosevelt Elementary School Fleet facility access to NAPA ProLink – an internet-based tool to check inventory levels, costs, etc. on parts stocked in the on-site parts facility. Demo can be viewed at www.napaprolink.com.

Mitchell-On Demand –
With NAPA’s relationship with Mitchell the Roosevelt Elementary School can have full access to Mitchell On-Demand through NAPA for a nominal fee:

- Car and Light Truck
- Medium Duty Trucks basically up to Class 7.
- Heavy Duty Trucks, trailers etc... Class 8.
