Right Away Disposal (RAD) is the largest privately owned, full-service provider of waste collection, removal, hauling, recycling, portable toilets and landfill services for municipalities, communities and commercial businesses in Arizona. With headquarters in Apache Junction, locations in Phoenix, Tucson and Maricopa, state-of-the-art technology and equipment, and an impressive transportation fleet, we're poised and ready to help customers across the entire waste stream — saving you time, effort and money while reducing your company's environmental impact. It's also what separates RAD as a leader in this industry, our business model is always flexible and evolving, which allows us to build meaningful, long-term relationships with our customers — relationships that are based on quantifiable results.

Services Provided

Residential Waste and Recycling, Roll Off. Commercial Waste and Recycling, Toilets, Landfill and Statewide Asbestos Disposal

East Valley Transfer Station and Corporate Campus - Apache Junction

Our original facility and corporate headquarters makes Apache Junction a special place for us. Suitably located in the fast-growing East Valley, RAD's multifunctional facility is designed to fulfill the increasing growth of companies, communities and municipalities with comprehensive waste and recycling services.

RAD Recycling Center - Apache Junction

The 30,000 sq. ft. state-of-the-art facility is Pinal County's only Material Recovery Facility (MRF). This facility addresses the growing regional demands for sustainability through the reuse and recycling of a large number of materials, mostly collected through single-stream curbside programs.

West Valley Transfer Station - Phoenix

Newly opened in 2016, the West Valley, six-plus acre, campus has already made a great impact in meeting the growing market demands and increasing RAD's footprint to further enhance service for customers in Phoenix and West Metro communities.

Waste and Recycling Center - Maricopa

RAD Maricopa is a joint-city partnership to reduce the amount of recyclable materials going to landfill and eliminate waste discarded in neighboring desert land. The Facility is dedicated to the community of Maricopa, it offers the safest disposal of construction, landscape and household solid waste, in addition to green-friendly alternatives in recycling.

The RAD Regional Landfill

Florence
The RAD Regional Landfill located between Phoenix and Tucson is instrumental in how waste is appropriately handled and disposed. The 500 acre landfill meets and exceeds all subtitle D regulations, set by state and federal guidelines, for proper and environmentally safe waste disposal. Possessing a landfill is significant in the waste industry, it provides flexibility and cost saving options for our customers. In addition to the landfill, RAD's Tucson base operations are located within the campus.

2 Pricing

- 2.1 Responder shall enter a monthly price per container to service collection sites. Please reference Exhibit 1 for container and service details for each location.

	Mixed Recycle	White Goods	Green Waste
6 yd Container	\$75.00	*TBD	*TBD
20 yd Container	See Below	*TBD	*TBD

*Due to the unknown profile of material and current collection process RAD will need more information to effectively bid on both White and Green Waste programs.

20 yd price breakdown per service

Dudleyville - \$350.00

Mammoth - \$425.00

Kearny - \$300.00

Note:

20 yd roll off container only available for San Manuel and Maricopa locations, no 6yd service.

Fee for service is \$350.00 – per service

Any locations not listed on "Exhibit 1 – Recycling Locations – Revised August 8th, 2016 – Current Recycling Collection Sites" document will be quoted and reviewed on a case-by-case basis.
