ADDENDUM 4

The purpose of this addendum is to answer responder questions that were asked in writing to clarify an answer provided on Addendum 3.

QUESTIONS AND ANSWERS

1. Q: Addendum 3 references the current population of the Adult Detention facility of approximately 650 inmates, however, the RFP stated that the Adult facility has an average of 700 inmates. Can you explain the difference in these two numbers and provide us with the number of inmates in the Adult Detention facility currently?

A: When the RFP was published we had additional inmates from a DOC facility. Our contract with the DOC expired March 30, 2016, and those inmates were removed. Therefore, our current average inmate count has changed. The average number of inmates per day between April 1 and April 20, 2016, is 645. As of this morning, April 20, 2016, we have 662 inmates in our Adult Detention facility.
