Sheriff Babeu

Recently, the American Leadership Academy in San Tan Valley requested a K-9 demonstration. Deputy Shewey and Deputy Orozco graciously took the time from their busy schedules to make time for the Kindergarten and first grade classes. Simply put, the presentation they provided the children was outstanding. They took the time to explain the roles and job functions of the Pinal County K-9 Unit and did this with the upmost professionalism. They also took the time for Q & A with the children and photographs.

They represented the Pinal County Sheriff's Office with pride and professionalism. I wanted to take a moment to recognize the outstanding work that Deputy Shewey and Deputy Orozco demonstrated for the children of American Leadership Academy and the citizens of San Tan Valley. I can honestly tell you that I appreciate all of the hard work your department does on a daily basis serving our community.

As a resident of San Tan Valley, I support the Pinal County Sheriff's Department. Please pass along my thanks and appreciation to these two deputies.
