Excise Tax Rate Chart Criteria

For government property improvements with leases that were entered into **before June 1, 2010; or**, for a development agreement, ordinance or resolution approved by the governing body of a government lessor **before June 1, 2010** that authorized a lease which was entered into within ten years after the date of the agreement, ordinance or resolution, refer to Tax Rate Chart A, Pages 4 and 5). See also § 42-6203(A).

Note that, in this instance, Tax Rate Chart B will not be applicable.

For government property improvements with leases that were entered into **on or after June 1, 2010; or**, if a lease does not meet the conditions of § 42-6203(A) listed above, use Tax Rate Chart B, Pages 6 and 7.

Note that, in this instance, Tax Rate Chart A will not be applicable.

Excise Tax Rate Reduction Criteria

Only for properties that are subject to the Base Excise Tax Rates in Tax Rate Chart B and only in the initial (i.e., the first) **year of a lease**, a “base” excise tax rate reduction may be applied if the calculated Property Tax percentage is less than ninety percent of the countywide average property tax rate.

If the calculated Property Tax percentage is not less than ninety percent of the countywide average property tax rate and for all years following the initial year of the lease, the unadjusted “base” tax rate or an age range adjusted rate is to be utilized.

To determine if the reduction r a t e for an **initial year** Return filing applies, the Prime Lessee must first obtain (1) the primary and secondary property tax rates that are applicable to the area in which the government property improvement is located, **and** (2) the countywide average property tax rate.

Note; The primary and secondary property tax rates for the government property improvement must be obtained from the County Treasurer of the county in which the property is located.

The countywide average property tax rates for the current calendar year / tax year for each Arizona County are available at the bottom of Rate Chart B (Page 7). Use the average tax rate for the county in which the government property improvement is located.
