ENGINEERING & TRANSPORTATION & FLOOD CONTROL & RECYCLING-SOLID WASTE & EMERGENCY MANAGEMENT

June 11, 2014

Re: **BOS Work Session:**
ADMIN COMPLEX PARKING Improvement Project:

Objectives:

- Improve the condition of the asphalt pavement.
- Maximize parking spaces and improve traffic flow.
- Directory signs for public/visitor's easy access.
- Modify existing ADA access ramps in each building and provide adequate ADA Parking's to be in compliance with the ADA guidelines and codes.
- Provide pedestrian crossings / building connectivity to improve public safety and install parking lights.
- Locate and As-Built existing utilities for future references.
- Extend minimal desert landscaping around the complex.

Project Cost: Estimated at \$450,000.00

Schedule: 2 – months (Construction start on September or October)
