

ANNUAL REPORT

2014

PINAL COUNTY LIBRARY DISTRICT

PINAL COUNTY LIBRARY DISTRICT

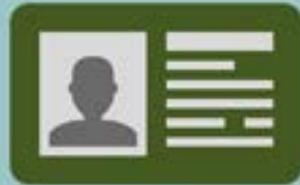

Wide Open Opportunity

The mission of the Pinal County Library District is to provide information access and support services to County residents so they can fulfill their informational, educational, and recreational needs, and to affiliate libraries so they can experience an enhanced ability to provide library services.

27%

of library users used computers for online classes or homework

49%

of library users used computers for health related matters including insurance, prescription & doctor research

Using the computers at his local public library Isiah was able to prepare for his driver's permit exam. Realizing it was such a great place to study, Isiah and his tutor Robert now use the computers and library wifi regularly to prepare for his upcoming GED exam.

“Two years ago when I moved to San Manuel from Vietnam, I used the public library to prepare for my Pharmacy Technician Certification Exam. Thank you for going the extra mile to help me find the books that I needed for my studying. Last but not least, thank you for saving me money (books are really expensive!)”

- Sophia

On Summer Reading Programs:

“I have a couple of avid readers and a couple reluctant readers. They will sometimes take turns reading to each other to help finish. Reading is fun, winning prizes is added fun, especially for my reluctant readers.”
