County Manager's Report (Information Only).

Greg Stanley, County Manager, reported that the House Rural and Economic Development Committee had a hearing on proposed changes to the Regional Transportation Authority language. Under the current RTA, the governance is set up so that it is the membership of CAAG, which would include Gila County. Our proposed revision is for the governance to be from the county that generates the sales tax. Everyone was in favor of the change, so it looks good going out of the House of Representatives.

Work session for discussion of revised draft of Development Fee Ordinance. An Ordinance of the Pinal County, Arizona, Board of Supervisors amending Chapter 5.05, Development Fees, of the Pinal County Development Services Code; repealing Ordinance No. 030310-DF; establishing an effective date; and directing its publication.

Himanshu Patel, Community Development Director, presented a draft ordinance, which can be viewed in the minutes section of the Board of Supervisors webpage. Mr. Patel said in relationship to this particular ordinance, we have integrated, in section 5.05.060, the interest of establishing an opportunity for applicants to pursue an alternative development fee determination, if their project was different or was not taken into consideration under our program. The applicants will have an opportunity to request that the county do an analysis of their project which will give them an avenue to request an alternative fee analysis. The cost of that analysis will be at the applicant's expense.

Supervisor Smith said this is a very important consideration for the Board. He said it is necessary to have flexibility because we don't know the type of projects that we are going to receive in this county and our communities over the next few years. We're going through a cultural and generational change with different types of housing interests to be considered. Supervisor Smith said this is why he has been adamant about the need to pursue an alternative fee determination. He agrees with the proposal to change "and" to "or"; and recommends the following changes to Section 5.05.060 of the draft ordinance as indicated below.

5.05.060 Option to Pursue Alternative Fee Determination.

Where a development is of a type that (i) has not been contemplated by the adopted capital improvements plan and development fee report ~~and~~ OR (ii) does not closely fit within a particular category of development appearing on such capital improvements plan and development fee report ~~and~~ OR (iii) has unique characteristics such that the actual burdens and costs associated with providing necessary public services to that development will differ ~~substantially~~ from that associated with other developments in the same impact fee area, the county may require the applicant to provide the county manager or authorized designee with an alternative development fee report. Such report shall be commissioned by the county and paid for by the applicant. Based on a projection of the actual burdens and costs that will be associated with the provision of necessary public services to the development, the alternative development fee report may propose a unique fee for the development. ~~based on the application of an appropriate service unit factor, or may propose that the development be covered under~~

~~the development fee schedule governing a different and more analogous category of development.~~ The county manager or authorized designee shall review the alternative development fee report and shall make a determination as to the development fee to be charged. Such decision shall be appealable pursuant to 3.60.020 of the county's development services code. The county manager or authorized designee may require the applicant to pay an administrative fee to cover the actual costs of reviewing the special fee determination application.

Supervisor Rios said if we were looking at those with large houses paying more than those with small houses, he could support this change. Supervisor Rios also said if this proposal was going from a position where staff recommended initially no alternative fees, to a position where there is language that does permit alternative fees, he would prefer to move slowly and support staff with their language.

Spencer Kamps, Home Builders Association of Central Arizona, asked to defer his time to Peter Gerstman of Robson Communities, because their positions are similar.

Peter Gerstman, Robson Communities, Inc., said in a typical Robson Resort Community there are fewer people per home. Approximately 1.7 in SaddleBrooke. These residents typically drive less, they leave the community less. When they leave the community they don't drive as far. They tend not to drive at rush hour because they are not going to work so they don't contribute to peak demand and it is peak demand that determines whether you need an extra lane to meet the traffic demand. Mr. Gerstman said their projects are on state highways and they tend not to be maintained by the county. He does understand the need for consistency. What he prefers is to be able to provide the appropriate evidence to be able to make their case. To sum it up, if they have to satisfy all three requirements, chances are their community, which clearly doesn't have the same impacts as a conventional community, wouldn't be able to do so. Also, lastly under the third condition, why not just quote the state requirement?

Cameron Carter, Rose Law Group, said they have worked on these development fee issues, going all the way back to 2006 when the county first started looking at development fees. Mr. Carter said that they were supportive of going from the "and" language to an "or" language to make sure there is a window for unique projects that haven't been fully contemplated by the county. He thinks this is an important economic development tool and aspect for the Board of Supervisors, if the Board wants to have the flexibility to allow for projects that are unique.

Chairman House asked why we didn't use the language we currently have.

Himanshu Patel explained that what they are trying to do was decrease the length of the Development Fee Rules and Regulations.

Greg Stanley, County Manager, said that one of the requests brought up by Mr. Gerstman, was to allow the developer to bring in information from their consultant. We do not have an objection to them doing that.

Supervisor Miller said he wanted to make sure that the statute is being interpreted correctly, as that is our guideline.

Cedric Hay, Deputy County Attorney, appeared before the Board and explained that there is a significant difference between the “and” and the “or” language. What intent does the Board want this section to provide? The word “and” acknowledges something that doesn’t fit into that report. It is something that was not previously contemplated. If you change it to the “or” language, it throws open the door to anyone who wants to challenge the study.

Resolution No. 020316-DF - a Resolution adopting a Capital Improvements Plan and Development Fee Report, Assessing Development Fees, and establishing an effective date of May 9, 2016.

Himanshu Patel, Community Development Director, said staff was making the request of the county to begin the process of adopting the new impact fee program. Mr. Patel’s presentation can be viewed in the minutes section of the Board of Supervisors webpage.

Spencer Kamps, Home Builder’s Association of Central Arizona, thanked staff and the Board for working with the Association. Mr. Kamps expressed some concerns the Home Builder’s Association still had regarding the Parks Plan. They have also taken a position to oppose fees on residential, based on square footage.

Peter Gerstman, said in 2010 the County asked TischlerBise what the appropriate rate would be for a senior housing community and TischlerBise responded under the current ordinance, if there is a category that is not covered by the existing study, the rate is “X” percent of what the rate would be. If there is a similar provision in this study, they would be fine with it.

Gordon Brown, appeared before the Board and presented a Real Estate ad titled “Why Buy in San Tan Valley.”

Motion was made by Supervisor Smith and seconded by Supervisor Rios to approve Resolution No. 020316-DF as presented. Motion carried by unanimous vote.

Motion was made by Supervisor Smith and seconded by Supervisor Rios to recess from regular session of the Board of Supervisors and convene into executive sessions. Motion carried by unanimous vote.
