

PUBLIC NOTICE IMPORTANT ANNOUNCEMENT

The Federal Emergency Management Agency (FEMA), in partnership with the City of Maricopa and Pinal County, has updated the Flood Insurance Rate Maps (FIRMs) for the City of Maricopa that are scheduled to go into effect June 16, 2014. These maps show the extent to which the area is at risk for flooding.

In reviewing the maps, property owners may find that their flood risk is higher or lower than they thought. This change may also affect their requirement for flood insurance.

You are invited to come see the final maps and learn more at an upcoming public open house. Representatives from FEMA, Pinal County and City of Maricopa will be available to answer questions about the updated maps, changes in flood risk and related flood insurance requirements, and options you may have.

Please visit <http://www.pinalcountyaz.gov/FloodRemap/> to see if your property is affected and plan to attend one of the Open Houses (see below).
